NOTES:**CDSL e-Voting System – For e-voting and Joining Virtual meetings.**

1. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies shall be conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020 and Circular No. 20/2020 dated May 05, 2020. The forthcoming AGM/EGM will thus be held through video conferencing (VC) or other audio-visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM/EGM through VC/OAVM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.
3. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM/EGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM/EGM has been uploaded on the website of the Company at www.jayatmaindustries.com The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. The AGM/EGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.

8. In continuation to this Ministry's **General Circular No. 20/2020** dated 05.05.2020, General Circular No. 02/2022 dated 05.05.2022 and General Circular No. 10/2022 dated 28.12.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the Year 2023 or 2024, to conduct their AGMs through VC or OAVM on or before 30th September, 2024 in accordance with the requirements laid down in Para 3 and Para 4 of the General Circular No. 20/2020 dated 05.05.2020.
9. Since AGM will be held through VC/OAVM, the Route Map is not annexed in the Notice.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.
 - Step 2** : Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and non-individual shareholders in demat mode.
- (i) The voting period begins on **Monday, 21st September, 2026** and ends on **Wednesday, 23rd September, 2026** During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date **Thursday, 17th September, 2026** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
 - (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
 - (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- Step 1** : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode CDSL/NSDL** is given below:

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Your Directors have pleasure in presenting the Management Discussion and Analysis Report for the year ended on 31st March, 2026.

GLOBAL ECONOMY

The global economy is facing another major shock. The conflict in the Middle East has triggered sharp increases in energy prices, renewed inflationary pressures, and fueled expectations of tighter monetary policy. Global growth is projected to slow to 2.5 percent in 2026, from 2.9 percent in 2025—the lowest rate since the COVID-19 pandemic—amid weaker prospects for economies dependent on energy imports and those directly affected by hostilities. Activity is expected to firm in 2027–28 as energy supplies recover, monetary easing resumes, and trade strengthens.

Growth in emerging market and developing economies (EMDEs) is expected to slow to 3.6 percent this year. For all EMDE regions, growth this year is forecast to be weaker than in 2025. Per capita income growth in EMDEs is projected to slow in 2026 to its weakest pace since the pandemic. The level of per capita income across EMDEs excluding China and India, relative to advanced economies, is not expected to return to the pre-pandemic level until after 2028, implying nearly a decade of lost income convergence.

Risks to the outlook remain skewed to the downside. A renewed escalation of hostilities or more prolonged disruptions to commodity flows could further raise commodity prices, intensify inflationary pressures and food insecurity, trigger financial stress, and lower growth. If energy supply disruptions prove more severe than assumed and are accompanied by substantial financial stress, global growth could fall to just 1.3 percent in 2026. Persistent trade policy uncertainty, geopolitical strains, and weather-related shocks also pose material risks. On the upside, broader investment in and adoption of artificial intelligence (AI) could lift activity.

Policy action is critical to address ongoing challenges. Enhanced global cooperation is needed to safeguard energy and food security, bolster the trading system, and advance the energy transition. Domestically, policy makers will need to balance controlling inflation with supporting activity, strengthen fiscal sustainability, and maintain financial stability. Slower growth prospects translate into reduced investment, constrained hiring, and tighter fiscal space, compounding the challenge of creating jobs in EMDEs with growing workforces in an era of potentially transformative change linked to AI. Meeting this challenge will require a concerted agenda centered on the conditions for job creation: investing in physical, human, and digital capital; fostering a business-friendly environment; and mobilizing private investment. In addition to the global and regional outlooks, this edition of Global Economic Prospects features two analytical chapters. One chapter examines the impact of government debt on interest rates. Another chapter considers the challenges of fiscal policy in commodity-exporting EMDEs.

A Rising Challenge: Sovereign Debt Levels and Interest Rates in EMDEs. Rising government debt poses a key challenge for EMDEs, as it leads to higher interest rates, higher debt-service payments, and a greater likelihood of debt distress. Debt levels are positively associated with dollar-denominated sovereign bond spreads and domestic-currency government bond yields. The relationship with rising debt is non-linear: the increases in spreads or yields associated with increases in debt-to-GDP ratios are greater the higher the debt-to-GDP ratio.

The increase in EMDE debt-to-GDP ratios since 2010 is associated with increases in sovereign spreads and domestic-currency yields of about 110 and 30 basis points, respectively. Rising debt in advanced economies, by pushing up yields in those economies, has added further to the increase in EMDE interest rates. With EMDE government debt at historically high levels, additional borrowing may lead to progressively larger increases in interest rates. Rising debt has led to even larger increases in

interest rates in countries with a history of default, low credit ratings, frontier market status, heavy reliance on short-term debt, and weak governance.

The findings underscore the importance of strengthening fiscal positions. This can be achieved through stronger domestic revenue mobilization, more efficient public spending, improved debt management, support for domestic debt market development, and, where appropriate, debt-for-development swaps. By helping contain borrowing costs and preserve fiscal space, these measures can also support the infrastructure, services, and private investment needed for long-term growth and job creation.

Navigating Volatility: Fiscal Policy and Commodity Price Swings. Large commodity market disruptions—most recently triggered by the conflict in the Middle East—have brought renewed attention to the persistent fiscal challenges faced by commodity-exporting EMDEs. Since 2000, fiscal positions in these economies have generally been weaker than those in other EMDEs, reflecting lower and more volatile revenues, commodity price swings, and limited buffer accumulation in good times.

Government debt across EMDEs has risen since the global financial crisis, but commodity exporters are especially vulnerable. A 1 percent increase in commodity prices raises both revenues and primary spending in commodity exporters by about 0.4 percent after five years, suggesting that revenue windfalls are gradually spent rather than saved. Fiscal positions over commodity price cycles vary across exporters of different commodities. Primary balances in energy and metal exporters strengthen during booms and worsen in slumps, mainly as a result of revenue swings, while primary spending remains broadly contained; debt ratios fall in booms and rise in slumps. In contrast, agricultural exporters increase spending in booms, offsetting revenue gains and leading to more lasting debt accumulation.

Although sovereign wealth funds (SWFs) and fiscal rules have helped smooth spending over commodity cycles in some countries, they offer limited protection amid intensifying spending pressures after commodity shocks. Policy implications point to an integrated approach combining credible fiscal rules, well-governed SWFs, independent fiscal councils, strengthened debt management, revenue diversification, and robust institutions. Together, such reforms are critical to enhancing fiscal resilience, reducing volatility, supporting sustainable and inclusive growth, and boosting job creation.

The global economy demonstrated resilience during FY 2025-26 despite persistent geopolitical uncertainties, evolving trade policies, inflationary pressures, and fluctuations in commodity prices. While inflation moderated across several major economies, global growth remained supported by resilient consumer demand, easing supply chain constraints, and gradual stabilization of monetary policies. International institutions expect global growth to remain steady, although geopolitical conflicts, trade fragmentation, and financial market volatility continue to present downside risks.

INDIAN ECONOMY

India continued to remain one of the fastest-growing major economies during FY 2025-26, supported by strong domestic demand, robust public capital expenditure, resilient manufacturing activity, improving private investment, and policy reforms. Government initiatives such as Make in India, PM Gati Shakti, and continued infrastructure investments have strengthened industrial growth and enhanced India's long-term economic outlook. India's macroeconomic stability, healthy banking sector, and sustained focus on manufacturing are expected to support continued economic expansion.

Key Economic Themes in 2026

The Indian economy during FY 2025-26 was characterized by increased infrastructure spending, expansion in manufacturing, growing investments in roads and logistics, rising adoption of technical textiles, digital transformation across industries, sustainability initiatives, and continued policy support for exports and industrial development. These developments have created favourable conditions for businesses operating in manufacturing and infrastructure-related sectors.

ORGANISATION PROFILE:

Jayatma Industries Limited is engaged in the textile business with a focus on cotton and related textile products. The Company has also diversified into geogrid products used in road construction and infrastructure development. The Company remains committed to delivering quality products, strengthening customer relationships, improving operational efficiency, and creating sustainable value for its stakeholders.

OPPORTUNITIES AND THREATS:

The textile and infrastructure sectors continue to present significant growth opportunities due to increasing domestic demand, Government support for manufacturing, infrastructure expansion, export opportunities, and rising adoption of technical textiles. However, businesses also face challenges arising from raw material price volatility, competitive pressures, changing regulatory requirements, foreign exchange fluctuations, and global economic uncertainties.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During FY 2025-26, the Company continued to focus on operational efficiency through prudent cost management, effective working capital management, and optimization of business processes. Continuous monitoring of procurement, inventory, and customer servicing enabled the Company to maintain operational stability in a competitive business environment. The Company's financial performance reflects prevailing market conditions, raw material price movements, and operational efficiencies achieved during the year.

RISKS AND CONCERNS

The Company operates in an environment exposed to risks including raw material price volatility, demand fluctuations, working capital requirements, competitive pressures, regulatory changes, supply chain disruptions, foreign exchange movements, and inflationary trends. The management continuously evaluates these risks and implements appropriate mitigation strategies to safeguard business performance and long-term sustainability.

INTERNAL CONTROL SYSTEM:

The Company has established adequate internal control systems commensurate with the size and nature of its operations. These controls are designed to ensure safeguarding of assets, accuracy of financial reporting, operational efficiency, compliance with applicable laws and regulations, and adherence to internal policies. Regular internal audits are conducted, and the Audit Committee periodically reviews the effectiveness of the internal control framework.

RECENT TREND AND FUTURE OUTLOOK:

The outlook for the textile and geogrid businesses remains positive, supported by increasing domestic consumption, infrastructure development, Government policy support, technical textile initiatives, and expanding manufacturing capabilities. The Company intends to continue strengthening operational efficiencies, enhancing product quality, expanding market presence, and exploring new business opportunities to achieve sustainable long-term growth.

CAUTIONARY STATEMENT:

Statements made in this Management Discussion and Analysis Report describing the Company's objectives, projections, estimates, expectations, or predictions may constitute forward-looking statements within the meaning of applicable securities laws and regulations. Actual results may differ materially due to various factors including changes in economic conditions, government policies, raw material prices, competition, regulatory developments, exchange rate fluctuations, and other risks beyond the Company's control.

Independent Auditor's Report**To the Members of JAYATMA INDUSTRIES LIMITED****(Formerly known: Santaram Spinners Ltd)****Opinion**

We have audited the accompanying financial statements of Jayatma Industries Limited ("the Company"), which comprise the balance sheet as at March 31, 2026, and the Statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, its **Loss** and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Standalone Financial Results

- The Statement has been prepared on the basis of the annual financial statements for the year ended March 31, 2026. The Board of Directors of the Company are responsible for the preparation and presentation of the Statement that give a true and fair view of the loss and other comprehensive income and other financial information in accordance with the applicable accounting standards prescribed under Section 133 of the Act read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the

preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

- In preparing Statement, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to these financial results, in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions

are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and of its Joint Venture to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013("the Act")

We have audited the internal financial controls over financial reporting of **M/S JAYATMA INDUSTRIES LIMITED** ("the Company") as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

- Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
- Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
- We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2026.

Significant Accounting Policies

- **Company Overview**

JAYATMA INDUSTRIES LIMITED (formerly known as SANTARAM SPINNERS LIMITED) ("the company"), is a public limited Company incorporated as private limited company in 1983 and subsequently converted to public limited company in 1994. The company's shares are listed on Bombay Stock Exchange. The registered office of the Company is located at 4th Floor 1, Laxminagar, Co.op Hou. Society, Bs Naranpura Post Office, Naranpura, Ahmedabad-380013. The company is engaged in manufacturing and trading of cotton – Kapas, ginning cotton bales, raw oil and its agro by- products and yarn.

- **Basis for Preparation of Financial statements**

These financial statements have been prepared in accordance with the generally accepted accounting principles in India, on the basis of going concern under the historical cost convention and also on accrual basis. These financial statements comply, in all material aspects, with the provisions the Companies Act, 2013 (to the extent applicable) and also accounting standards prescribed by the Companies (Accounting Standards) Rules, 2006, which continue to be applicable in respect of Section 133 of the Companies Act, 2013 in terms of General Circular 15/2013 dated September 13, 2013 of the Ministry of Corporate Affairs.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle of less than twelve months, hence a period of twelve months has been considered for bifurcation of assets and liabilities into current and non-current as required by Schedule III to the Companies Act, 2013 for preparation of Financial Statements The accounting policies adopted in the preparation of financial statements are consistent with those of previous year, except for the change in accounting policy explained below

- **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles require management to make assumptions and estimates, which it believes are reasonable under the circumstances that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates. Difference between the actual results and estimates are recognized in the period in which the results are known /materialized.

Property, Plant and Equipment

1. Property, plant and equipment are stated at acquisition cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Properties in the course of construction are carried at cost, less any recognized impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalized along with respective asset.
2. Depreciation is recognized based on the cost of assets less their residual values over their useful lives, using the Straight-Line Method. The useful life of property, plant and equipment is considered based on life prescribed in schedule II to the Companies Act, 2013 for year 2025-26.

- **Financial Instruments**

Financial assets and financial liabilities are recognized when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

- **Financial Assets**

- **Classification**

The Company classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through OCI, or through profit or loss), and
- Those measured at amortized cost.
- Those measured at carrying cost for equity instruments of subsidiaries, and joint ventures.

- **Initial recognition and measurement**

All financial assets, are recognized initially at fair value.

- **Financial & Equity Liabilities**

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to the Standalone Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognised in OCI is reclassified to equity. Dividends from such investments are recognised in the Standalone Statement of Profit and Loss within other income when the Company's right to receive payments is established. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Financial liabilities

The Company's financial liabilities comprise borrowings, trade payables and other liabilities.

These are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost using the EIR method. The EIR is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period at effective interest rate. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

Financial liabilities at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

Trade and other payables are recognized at the transaction cost, which is its fair value.

- **Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- In the principal market, or
- In the absence of a principal market, in the most advantageous market

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use.

- **Revenue recognition**

The Company has adopted Ind AS 115 from 1st April, 2018 and opted for modified retrospective application with the cumulative effect of initially applying this standard recognized at the date of initial application. The standard has been applied to all open contracts as on 1st April, 2018, and subsequent contracts with customers from that date.

Performance obligation: The revenue is recognized on fulfilment of performance obligation.

- **Sale of products:**

The Company earns revenue primarily from sale of cotton and blended yarns.

Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

The Company's contracts with customers do not provide for any right to returns, refunds or similar obligations. The Company's obligation to repair or replace faulty products under standard warranty terms is recognized as a provision.

Revenue is recognized when the performance obligations are satisfied and the control of the product is transferred, being when the goods are delivered as per the relevant terms of the contract at which point in time the Company has a right to payment for the asset, customer has possession and legal title to the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Company has objective evidence that all criteria for acceptance have been satisfied.

- **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their

intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

- **Taxation**

Tax on Income comprises current and deferred tax. It is recognized in statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

- **Current tax**

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

- **Deferred tax**

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences can be utilized. Deferred tax relating to items recognized outside the statement of profit and loss is either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date.

- **Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the company by the weighted average number of ordinary shares outstanding during the period. Where ordinary shares are issued but not fully paid, they are treated in the calculation of basic earnings per share as a fraction of an ordinary share to the extent that they were entitled to participate in dividends during the period relative to a fully paid ordinary share. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

Fair value hierarchy

The following section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

B. Fair value hierarchy for assets

Financial assets measured at fair value at March 31, 2026

	Level 1	Level 2	Level 3	Total
Financial Assets				
Investment	-	-	12.73	12.73

Financial assets measured at fair value at March 31, 2025

	Level 1	Level 2	Level 3	Total
Financial Assets				
Investment	-	-	12.28	12.28

Notes:

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date. This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments. There are no transfers between any of these levels during the year. The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

C. Fair value of financial assets and liabilities measured at amortized cost

- The Management has assessed that fair value of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables approximate their carrying amounts largely due to their short-term nature. Difference between carrying amount of Bank deposits, other financial assets, borrowings and other financial liabilities subsequently measured at amortized cost is not significant in each of the years presented. For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

➤ **Financial risk management**

- The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its Activities. The Company's risk management policies are established to identify and analyses the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed

regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

- The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.
- This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management of risk
Credit Risk	Cash and cash equivalents, trade receivables, Financial assets measured at amortized Cost.	Aging analysis	Diversification of funds to bank deposits, Liquid funds and Regular monitoring of credit limits.
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow Forecasts	Availability of surplus cash, committed credit lines and borrowing facilities

(a) Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company is exposed to the credit risk from its trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

Trade Receivables

Trade receivables comprise a widespread customer base. Management evaluates credit risk relating to customers on an ongoing basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, considering its financial position, past experience and other factors.

For trade receivables, provision is provided by the company as per the below mentioned policy:

Particulars	Gross Carrying Amount	Expected credit losses rate (%)	Expected Credit Losses	Carrying amount of Trade Receivable
Considered for Goods 0-12 Months	992.36	-	-	-
More than 1 Year	-	-	-	992.36
Total	992.36	-	-	992.36

(b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Liquidity Table

The Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods is given below. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

As at March 31, 2026

Trade	9.20	-	9.20
Payables	-	-	-
Other Financial Liability			
Total financial liabilities	671.73	1271.85	1943.58

(a) Market Risk

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. The Company is exposed to market risk primarily related to interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities

(b) Price Risk Exposure

The Company's exposure to securities price risk arises from investments held in mutual funds and classified in the balance sheet at fair value through profit or loss. To manage its price risk arising from such investments, the Company diversifies its portfolio. Further these are all debt base securities for which the exposure is primarily on account of interest rate risk. Quotes (NAV) of these investments are available from the mutual fund houses. Profit for the year would increase/decrease as a result of gains/losses on these securities classified as at fair value through profit or loss.

➤ **Others**

- Balance of sundry debtors and creditors, loans and advances accepted and given in the balance sheet are subject to confirmation.
- As informed by the management that the loans are interest free, which in our opinion is violation of Section 186 (7) of the Companies Act, 2013.
- Above Disclosure is made after considering the principle of materiality.
- In the events of non-availability of suitable supporting vouchers, Directors have given us certificate that these expenses are incurred mainly for the business activities of the company.
- The previous year's figures have been reworked, regrouped, rearranged and reclassified wherever necessary. Amounts and other disclosures for the preceding year are included as an integral part of the current year financial statements and are to be read in relation to the amounts and other disclosures relating to the current year.
